Dear Parents,

As you will have seen, the building work is progressing well. From tomorrow, there will be a crane on site and we will be using the temporary gate to access the back of the school grounds for the foreseeable future. This gate leads straight onto the top playground, close to the adventure playground. Mr Fleming will continue to open the gates at the usual time of 8.35 a.m.

In the circumstances and if at all possible, could we ask that you use the front gate to the school to ease congestion.

Year 1 & 2 will continue to be collected from the top playground, at the end of the day, but we will review this if necessary.

As always, we thank you for your cooperation.

Many thanks

Miss Hawkes
Head of School
