Dear Parents

As you are aware Year 1 homework is set on Mathletics or DB primary each week. Your child has also been given a homework book in which they can record any answers they have in response to the homework set. Please note that you are not required to print off any sheets from DB Primary, you will simply need to draw the grid in your child’s homework book. We appreciate that some children find it difficult to complete homework at home but please encourage them to attempt it and do the best they can. If they don’t then they will have to complete some of it during ‘Golden Time’ on a Friday afternoon within the school day. Please rest assured that they will not miss breaktime or lunchtime and will still have the opportunity to get out for fresh air and play with their friends.

With kind regards

Mrs Coulson & Mrs Hydes
