Dear Parents

One of our Year 1 Learning objectives this term is to re-read a book; re-reading books holds many benefits for the children because it improves fluency, consolidates understanding and enables them to answer more in-depth questions and improve their confidence.

With this in mind, I have decided to change their reading books twice a week instead of three. Books will be changed on a Monday and Friday allowing you more time during the week and weekend to read and re-read their book.

Of course you are able to read other types of books e.g. Information books and I would be grateful if you could complete your child’s reading record book when an adult reads any book with them.

Many thanks

Mrs Hydes
