Dear Parents

Next term we will be offering a new lunchtime club designed to build construction and DT skills as well as incorporating elements of science and team-working. The children will use lego and art straws to build different things, testing them and competing with each other to test their projects. It will be run by Miss Bishop and will take place between 12.15 - 12.45 p.m. in her classroom. The Club will start on 18th January and will run until Easter.

There will be no charge for this club.

If your child is interested, please email me on reception@newlandsspring.essex.sch.uk. Spaces are limited and will be offered on a first come, first served basis. Your child will be placed on a waiting list in the event that all the spaces are filled. The deadline for registering your interest is close of business on Monday 9th January.

Many thanks

Mrs Weatherhead
