Subject: Year 6 – D and T Project

Dear Parents

Year 6 are undertaking a sewing project as part of their D & T activities this term. They have been asked to choose and focus on a decade between 1940 - 1990. They have been researching the decade they have chosen in class.

Following on from this research they should bring in ONE item of clothing to adapt for that particular era. They should also bring in items to decorate the garment and these must be able to be sewn onto the garment for this sewing project. The garment could include a t shirt, pair of old jeans or shirt.

At the leavers assembly the children will wear their adapted piece of clothing along with anything to represent the era they have chosen.

Please no not buy anything and try you make use of any items of clothing you may already have at home. We do not want you to go to any unnecessary expense.

Children are not permitted to have hair colour in their hair.

Many thanks

Mrs Goodfellow & Miss Carpenter
