Dear Parents,

From time to time a parent will inform school (in confidence) that their child has head lice. When this happens it is our policy to send out the attached advice to all parents in that year group. We are always pleased when parents inform us about their child as it helps prevent the head lice spreading – head lice love clean hair!

Please find attached a leaflet detailing the NHS guidelines for dealing with head lice.

Yours sincerely,

Susannah Edom-Baker
Headteacher
