8th February 2017

Dear Parents,

Next half term the children will be learning about the life cycles of different animals including reptiles, insects, birds and mammals.

To provide the children with an engaging and hands on experience we are inviting a professional ranger to bring in a variety of animals including snakes, spiders, snails, frogs and insects on Friday 24th March 2017. During this experience she will share different knowledge about the animals and their life cycles. The children will also have an opportunity to handle some of the animals if they would like to.

The cost of the day is £2.50 which will need to be paid by Thursday 9th March 2017. In line with Government regulations, this amount can only be asked for as a voluntary contribution. However, if insufficient contributions are received then the trip will have to be cancelled as the school has no funding for activities of this nature. Should you need to discuss your contribution you may do so in confidence by contacting the school office. Payment can be made online at www.payyourschool.co.uk. If you have not already registered please contact the Finance Office for an activation code. Alternatively you may pay by cash or cheque (made payable to Newlands Spring Primary School) and this should be placed in an envelope with the slip and your child’s name clearly marked on the front of the envelope.

If your child suffers from any allergies pertinent to this activity, please let the class teacher know as soon as possible.

Yours sincerely

Miss Edwards and Miss Caldecott

Year 5 – Jungle Jo       Return by Thursday 9th March
