21st December 2016

Dear Parents,

Your child will be taking part in whole class descant recorder lessons during the Spring/Summer terms. We would like to give every child the opportunity to continue to learn a musical instrument building on the success of the Stave House violin lessons which they had in FS/KS1.

We would prefer each child to have their own descant recorder to enable them to practise at home. There are some school recorders that can be used at school during lessons if the need arises.

Please could you indicate below whether you will be willing to provide your child with a recorder of their own to enable these lessons to commence in the Spring/Summer term.

The School is able to offer, for your purchase, a brown or black Yamaha descant recorder which comes with a white string tie bag and cleaning rod and fingering chart. It has good reviews and is widely used in other schools as it is accurately tuned. The cost of each recorder is £5.75 and this is excellent value for an instrument which has a RRP of £9.00.

Thank you

Miss A Barnes
