Subject: Report of a Safeguarding Incident
Date: 28 January 2020

Please see the report below of a safeguarding incident from Broomfield Primary School for information:

Last evening a group of our Year 6 pupils were walking home along School Lane toward Saxon Gate, when they became aware of a man in a white transit van who was acting suspiciously, watching them and pulling in and out of turnings beside them. The children had the good sense to alert a group of our school parents who were walking near them, the parents accompanied the children to their homes and reported the incident to the police and school.
