Dear Parents

\textbf{Re: RSPCA Appeal}

As the Winter approaches and the weather cools we all start to wrap up warm, stock up on our favourite winter dinners and enjoy cosy nights in by the fire! Unfortunately for some people, this time of year is not as comfortable and many are cold and hungry. However we often forget that animals feel the cold and have basic needs like humans too.

The RSPCA do a spectacular job each year caring for animals that are often neglected and forgotten with no home and no one to love them. As a school, we are keen to help and all four house teams and their captains will work collaboratively to support this cause.

We have great connections with the Wethersfield branch of the RSPCA and know they are very busy this time of year. They have many animals to feed and keep warm and are particularly desperate for tins of dog food (no dry food please) and blankets to help them do this.

If you are able to spare food or blankets to help the RSPCA continue with their vital work, please bring them into the school office by 9\textsuperscript{th} December.

Many, many thanks.

Mrs Edom-Baker
Head Teacher
