10th May 2019

Dear Parents/ Carers

**Year 1 - Homework**

This week, in Year 1, your homework is to have another go at coding using the Espresso coding tab on the left hand side of your DB primary page. We would also like you to practice logging yourself on to DB primary independently so that when you are in the computer suite you are able to do it quickly.

This is to be completed by Wednesday 15th May.

Many thanks

The Year 1 Team
