Re: Request for DT Resources

Dear parents,

This week we are working on our Design and Technology project of Bridges. We are hoping to start building the bridges tomorrow and Thursday. Your children are working on their designs today and may have some extra resources in mind that they need.

If you can spare/find the following around and about your house, shed, garage then we would be very grateful for any contributions such as...

- cereal boxes, large, medium and small
- kitchen roll tubes
- wood (soft)
- wire/thin cable
- large and small yoghurt pots
- plasticine
- anything else you think might be useful!

Thank you!

Miss Barnes
