Subject: Year 4 – Message from teachers

14 January 2020

Dear Parents

Thank you for your support so far with encouraging your children to learn and practise their Multiplication Tables. Mrs Beasley has been testing the children this week and it has become clear that this still needs a lot of work! It is really important that the children learn and practise their multiplication facts regularly. We are doing this as much as possible in school but this also needs to come from home. Even if your child has 'passed' their tests and earned their certificates they still need to practise and consolidate these facts.

If you are unsure as to how you can support your children with this please see us and we will be happy to suggest some different ideas that may help.

We have found Times Table Rockstars an invaluable resource for this and 'Soundcheck' within that program is very similar to the Times Table test they will have in June.

Thank you!

Mrs Clifton and Miss Carpenter
